NEVON LIGHT

## ABOUT US:

NEVON Lighting is a company that specializes in the design, manufacture, and distribution of high-quality LED lighting products. Founded in 2020, NEVON Lighting has quickly become a leading player in the LED lighting industry, thanks to its commitment to innovation, quality, and customer satisfaction.

NEVON LIGHT

# BENEFITS OF LED

## EFFICIENT ENERGY USAGE

LED Bulbs use 15% of the electricity of a standard halogen lamp.

LED bulbs generate the same light levels as halogen lamps.

Life Span

## COMPLEMENTARY SAVING

Since LED lights do not overheat, electricity bills from air conditioning and fan usage will greatly diminish.

The life span of LED product is 8-10 longer than standard bulbs.

## DURABLE BUILD QUALITY

LED's have no filaments therefore can withstand more shock than regular bulbs.

## RAPID BRIGHTENING

LED's have no filaments therefore can withstand more shock than regular bulbs.

## ENVIRONMENTALLY FRIENDLY

LED lights are designed to be 100% recyclable.

LED lights have a life span equivalent to 25 incandescent light bulbs.

## FLEXIBLE, MULTI-PURPOSE DESIGN

LED can be produced in a variety of shapes and sizes.

## LONG WORKING LIFE

LED lights can last up to 50,000 hours - over 8 times the life span of a traditional bulbs.

## SAFE AND COOL

LED lighting temperatures are much lower than fluorescent or halogen lamps. LED lights safe to touch on installation.

## COMPLETELY WEATHERPROFF IN EXTREMES HOT OR COLD TEMPERATURES

LED lighting is able to resist extremes of temperature both excessively hot and freezing cold.

## DISPERSAL OF LIGHT

All LED lighting is primarily designed to focus light to a specific location or direction, without relying on an external reflector. This means it has a higher degree of efficiency than conventional solution.
